## Roundup River Ranch 2017/18 Flu Vaccine Form

It is our policy at Roundup River Ranch that every camper be fully vaccinated and receive the annual flu vaccine. The only exception to this is if a camper is unable to receive the flu vaccine due to a medical exemption; we cannot accept religious or personal exemptions.

For many of our campers with compromised immune systems, the flu is a potentially deadly infection.

Please have this form completed by the physician's office or clinic you receive the flu vaccine from. As an alternative, you may send proof by submitting a receipt or formal documentation from a clinic.

Flu Vaccines for 2017/18 are available beginning September 2017, so it is required all family members applying for Family Camps 6, 7 and 8 of the 2017 camp season receive the 2018 Flu Vaccine before attending camp.

If you have any concerns with this policy, please contact Roundup River Ranch at (888) 524-2477 or email [camperrecruiter@roundupriverranch.org](mailto:camperrecruiter@roundupriverranch.org).
