How would you describe camp in three words? Fun, caring love

In what volunteer role(s) do you serve at Roundup River Ranch? I volunteer with the kitchen staff.

What motivates you to volunteer at Roundup River Ranch? The opportunity to serve these children with serious illnesses and be with such a fun, caring, loving group of volunteers and staff.

What is your favorite memory as a Roundup River Ranch volunteer? Getting the chance to meet an incredible family with three children of their own who adopted two sisters with HIV. It reminded me there is still so much good in the world.

How has your Roundup River Ranch volunteer experience impacted your life? It keeps me wanting to come back-people are like family at Roundup River Ranch.

Why would you encourage others to volunteer at camp? The rewards are priceless (although you will probably be slightly exhausted at the end!)

Is there anything you'd like to add? This is the most fulfilling volunteer experience you'll ever experience.
