## INDEPENDENT AUDITOR'S REPORT

### **To the Board of Directors Roundup River Ranch**

We have audited the accompanying financial statements of Roundup River Ranch, which comprise the statement of financial position as of October 31, 2017, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements. The prior year summarized comparative information has been derived from Roundup River Ranch's 2016 financial statements and, in our report dated January 23, 2017 we expressed an unqualified opinion on those financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Roundup River Ranch**  
**(A Colorado Non-Profit Corporation)**  
**Notes to the Financial Statements**  
**October 31, 2017**

**1. Organization**

Roundup River Ranch (the "Ranch") was incorporated in the State of Colorado in 2006 and designated as a 501(c)(3) non-profit corporation. Roundup River Ranch enriches the lives of children with serious illnesses and their families by offering free, medically-supported camp programs that provide unforgettable opportunities to discover joy, friendships, and confidence.

**2. Summary of Significant Accounting Principles**

**A. Financial Statement Presentation**

The Ranch reports its financial statements in accordance with FASB Accounting Standards Codification Topic 958, *Not-for-Profit Organizations* ("ASC Topic 958"), formerly Statement of Financial Accounting Standards No. 117. Under ASC Topic 958, the Ranch is required to report information regarding its financial position and activities according to two classifications, without donor restriction and with donor restriction.

**B. Basis of Accounting**

The financial statements have been prepared on the accrual basis of accounting, which recognizes revenues when earned and expenses when incurred.

**C. Support and Revenue**

Contributions of cash and other assets are reported as with donor restriction if they are received with donor stipulations that limit or specify the use of the donated assets, whether by time period or purpose. When a donor restriction expires, that is, when a stipulated time restriction ends or the stated purpose restriction is accomplished, donor restricted net assets are reclassified to net assets without donor restriction and reported in the Statement of Activities as net assets released from restrictions. Contributions with donor restriction received and released from restrictions within the same fiscal year are reported as contributions without donor restriction. Certain endowment contributions are perpetual in nature, with investment earnings to be used as needed by the Ranch. Such investment earnings are recorded without donor restriction or with donor restriction, depending on the donor's stipulation.

Non-monetary contributions of goods and services are recorded at their fair values in the period received. Donated services are recorded at their fair values in the period received, provided that such services either create or enhance non-financial assets or the services are considered "professional" services which the Ranch would otherwise be required to purchase. Donated fixed assets are recorded at fair value when received and reflected in these financial statements as contribution revenue and an addition to fixed assets.

**D. Cash and Cash Equivalents**

The Ranch considers all checking, savings, and money market accounts, as well as all highly liquid investments with a maturity of three months or less when purchased, to be cash equivalents for purposes of the Statement of Cash Flows.

**Roundup River Ranch**  
**(A Colorado Non-Profit Corporation)**  
**Notes to the Financial Statements**  
**October 31, 2017**  
**(Continued)**

**2. Summary of Significant Accounting Principles (continued)**

**E. Allowance for Doubtful Accounts**

The Ranch uses the allowance method for recognition of uncollectible receivables, whereby an allowance for possible uncollectibility is established when collection becomes doubtful. An allowance in the amount of \$87,500 was recorded at October 31, 2017.

**F. Fixed Assets and Depreciation**

Assets with original cost in excess of \$5,000 and a useful life generally in excess of two years are recorded as fixed assets. These assets are recorded at cost and depreciated using the straight-line method over their estimated useful lives. The estimated useful lives are as follows:

	<b>Estimated Useful Lives</b>
Computers & Software	3 years
Furniture & Fixtures	8 years
Motor Vehicles	3 years
Land Improvements & Infrastructure	20 years
Buildings	10 - 45 years
Machinery & Equipment	5 years

**G. Income Tax**

The Ranch is a non-profit organization as described in Section 501(c)(3) of the Internal Revenue Code, pursuant to an Internal Revenue Service determination letter dated June 21, 2006, and is thus exempt from Federal and State income taxes on income which is directly related to its organizational purpose.

Unrelated business income is income derived from a trade or business by the exempt organization that is not substantially related to the performance of the organization's exempt purpose or function. For the year ended October 31, 2017, the Ranch had no unrelated business income.

The Federal information returns of the Ranch are subject to examination by the Internal Revenue Service. The Ranch is no longer subject to examination for tax years prior to October 31, 2013.

**H. Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Notes to the Financial Statements**  
**October 31, 2017**  
**(Continued)**

**2. Summary of Significant Accounting Principles (continued)**

**I. Method used for Allocation of Expenses**

The financial statements report certain categories of expenses that are attributable to one or more program or supporting functions of the Ranch. These expenses include depreciation, certain personnel salaries and benefits, information technology, and utilities. Depreciation is allocated based on use of assets and location of assets. Salaries and benefits are allocated based on position or time spent on each function. Information technology is allocated based on time spent and specific technology utilized. Utilities are allocated based on location.

**J. Subsequent Events**

Management has evaluated subsequent events through January 10, 2018, the date these financial statements were available to be issued. No material events were noted.

**3. Unconditional Promises to Give**

Contributions are recognized when the donor makes a promise to give to the Ranch that is, in substance, unconditional. Unconditional promises to give due in subsequent years are reflected as long-term promises to give and are recorded at their present value. Pledges are discounted at a rate equal to the three-year treasury bill issued by the United States of America, currently 2%. Unconditional promises to give at October 31, 2017 were:

Receivable in less than one year	\$ 454,010
Receivable in one to five years	567,500
Total unconditional promises to give	1,021,510
Less allowance for doubtful accounts	(87,500)
Net unconditional promises to give at October 31, 2017	\$ 934,010

**4. Conditional Promises to Give**

The Ranch has received notification of the intention of two separate donors to bequeath \$1,799,690, in total, to the Ranch. The amount of each bequest will be recognized in revenue when the probate court declares the will valid.

**5. Fixed Assets**

Fixed asset activity during fiscal year 2017 was as follows:

	<b>Oct. 31/17</b>
Land	\$ 2,957,254
Construction in progress	8,363
Land improvements	4,568,088
Buildings	9,484,791
Furniture and equipment	1,140,509
Total cost	18,159,005
Less: Accumulated depreciation	(4,244,494)
Fixed assets, net	\$ 13,914,511

Depreciation for the year ended October 31, 2017 was \$660,648.

**(A Colorado Non-Profit Corporation)**  
**Notes to the Financial Statements**  
**October 31, 2017**

**6. Liquidity and Availability of Resources**

The Ranch's net assets consist of donor-restricted amounts and amounts without donor restrictions. Income from donor-restricted endowments is restricted for specific purposes and, therefore, is not available for general expenditures. The Ranch's investment policy and liquidity management is structured around short-term investments and the Ranch maintains access to a line of credit in the amount of \$500,000, which it could draw upon, to ensure financial assets are available as general expenditures and other obligations become due. The financial assets available within one year from October 31, 2017 for general expenditures are as follows:

Cash and cash equivalents	\$ 6,761,649
Accounts and interest receivable	<u>366,510</u>
	<u>\$ 7,128,159</u>

**7. Classification of Net Assets and Net Assets Released from Restriction**

**8. Lease Agreements**

On December 21, 2009, the Ranch entered into a lease agreement with Alpine Bank for office space. The lease for the office space was amended during September 2016 to extend the lease term through December 31, 2017 with a base rent of \$14,000. The estimated annual value of the lease is \$43,800, and \$30,133 is reflected as an in-kind contribution to the Ranch from Alpine Bank for fiscal year 2017.

On June 26, 2006, the Ranch entered into a lease agreement with Wells Fargo Bank for storage space. The tenancy of this lease is month-to-month and commenced on July 3, 2006. Under current terms of the lease, there is no base rent. The estimated annual value of the lease is \$32,656, and is reflected as an in-kind contribution to the Ranch from Wells Fargo Bank.

**9. In-Kind Donations**

For the fiscal year ending October 31, 2017, non-monetary contributions of goods and services aggregating to \$422,451 were recognized as revenue by the Ranch. These contributions, and the offsetting expense or asset, are recorded in the Ranch's financial statements at fair market value at the date of donation. Such "in-kind donations" include occupancy related expenses for the Ranch's central offices, food and beverage for donor parties, legal services, marketing services, information technology support, tax and accounting services, general contracting, other construction related services, and various physical items for use in the camp. For the year ended October 31, 2017, \$8,360 of the in-kind donations were capitalized.

**10. Restrictions on Land**

On November 2, 2009, the Ranch closed on the purchase of an 85-acre site along the banks of the Colorado River in western Eagle County. The land was purchased from Shipley Craghead, LLC (the "Seller") with a purchase price of \$2,151,731. In connection with the purchase, the Ranch entered into a Covenant and Option to Repurchase agreement with the Seller whereby the following conditions must be met or the Seller will have the right to exercise its Option to Repurchase the property:

- For twenty (20) years after November 5, 2009, the property shall be used solely as a camp for children with serious or life-threatening illnesses and their families, with medical, recreational and other facilities as well as other activities reasonably related to this purpose. Deviation from this purpose can only be made with the prior written consent of the Seller. The Seller has the sole and absolute discretion to grant or withhold its consent.
- Construction of Phase I of the Camp (defined as construction of facilities necessary to support at least 60 campers) must be substantially complete and the Camp must be open for operations on or before June 30, 2012. Phase I was completed during fiscal 2011.

In the event that the seller exercises its option to repurchase the property, the repurchase price will be at the purchase price that was paid by the Ranch at closing (\$2,151,731). This agreement is subordinated to the bank providing the construction financing.

On August 16, 2017, the Ranch executed a line of credit in the amount of \$500,000 with principal and interest due on August 16, 2018. Unpaid principal accrues interest at a variable rate based on changes in an independent index which is the JP Morgan Chase Bank prime rate.

There is a late charge of five percent (5%) of any payment not received within ten days after the payment is due. If payment is not paid when due, the entire principal amount outstanding and accrued interest will become due and payable and the indebtedness will bear interest at the rate of 18% per annum from the date of default.

**13. Comparative Information**

The financial statements include certain prior year comparative information in total, but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Ranch's financial statements for the year ended October 31, 2016, from which comparative totals were derived.

**14. Change in Accounting Principle**

In 2017, the Ranch implemented Financial Accounting Standards Board ("FASB") Update No. 2016-14 (Topic 958). This standard replaced the existing three classes of net assets (temporarily restricted, permanently restricted and unrestricted) with two classes of net assets: those with donor restrictions and those without donor restrictions. Additionally, it enhanced financial disclosures affecting board designations, cash needs, cost allocations and underwater investments, if any. Certain comparative amounts for fiscal year 2016 have been reclassified – with no effect on net assets, total assets or total liabilities – to conform to the 2017 presentation.
