2020 Flu Vaccine Form

It is our policy at Roundup River Ranch that everyone at camp be fully vaccinated and receive the annual flu vaccine. The only exception to this is if a person is unable to receive the flu vaccine due to a medical exemption; *we cannot accept religious or personal exemptions.*

For many of our campers with compromised immune systems, the flu is a potentially deadly infection.

Please have this form completed by the physician's office, clinic, or pharmacy where the flu vaccine was administered. As an alternative, you may send proof by submitting a receipt or formal documentation from a physician's office, clinic or pharmacy.
