

2022 SUMMER CAMP & FAMILY RETREAT ONSITE SCHEDULE

Register at RoundupRiverRanch.org

Roundup River Ranch returns to onsite camp programming in 2022!

New for 2022!

- We are operating at a reduced capacity, serving approximately 40 campers during each Summer Camp and 12 families during each Family Retreat.
- Campers will be accepted using a lottery selection process since the number of applicants will likely exceed the number of spots available.
- Campers must be able to successfully wear a mask throughout the day.
- Due to the reduced capacity, campers will only be able to attend one onsite session, either Summer Camp **OR** a Family Retreat. Campers can sign up for as many Camp Online or Joy, Delivered programs as they like!
- Applications for campers residing outside of Colorado will be evaluated based on that camper's local community spread, travel restrictions, and mode of transportation.
- Only 10 seats per session will be available for campers on the Roundup River Ranch bus from the Denver area, and spots will be assigned based on need.
